

Developing Middle Leaders in Catholic Education

Country Dioceses Leadership Program

This Country Dioceses Leadership Program (CDLPP) enables middle leaders from across the three Victorian country dioceses to engage in a residential 7-day professional development program with a significant focus on the skills, knowledge and capabilities for effective middle leadership within a Catholic context.

The program provides opportunities for participants to identify their effective leadership practice and apply this within their own school context through a spaced learning model, and a coaching program.

'... this journey through feedback has allowed me to re-frame my concerns and given me many different tools, strategies and ideas to work with to develop Positive Learning Partnerships within my school.'

'... one of the most valuable PD's I have ever attended. Empowering presenters and great colleagues to share experiences and learn with.'

'... the skills I have learnt will be useful in my role at school.'

'... it has been fantastic and highly valuable to be part of the CDLPP Program.'

WHO SHOULD ATTEND?

Aspiring and current middle leaders
